

Jackson County School District

Community Update – March 5, 2021

Superintendent: Dr. John D. Strycker

Dear School Community,

My family and I are extremely grateful for the love and support many have shown us with the loss of my father, Maury Strycker. Even though we are new to the coast, I was overwhelmed by the cards, donations, and support we received from many throughout the community.

It's hard to believe that two months have gone by since my father passed away. My father was 84 years old and served most of his life in education as a teacher, coach, and principal. He truly loved his students with all his heart, and his actions backed this love by the many hours he put into his job. He believed that there were "no bad kids" and saw the individual potential in each student he encountered.

I will miss dad, and I will endeavor to do my best to carry on his legacy as an educator, working hard to serve the students in my care.

Again, thank you for your love, prayer, and support during this challenging time for my family.

Sincerely,

John
