The purpose of online distance learning is to provide a learning program for students who have a COVID-19 related justification on file. Because distance learning is different than the traditional school setting, specific expectations will be required of the students and parents who qualify for this non-traditional form of education. This agreement is intended to help maintain the integrity and standards of the distance learning plan.

As a student/parent, I understand that I must maintain the following standards required by Jackson County School District:

1. Students will commit to completing all learning, via distance learning, for the 9 week term in which he/she is enrolled.
2. Students using online instruction must log in to Canvas as required to complete the online lessons to be considered in attendance.
3. Students will complete all electronic and/or print lessons by the Monday following the week the lessons were assigned.
4. Students who choose print assignments must deliver them to the school no later than 9:00AM Monday morning following the week the lessons were assigned.
5. Late assignments submitted by students will not be accepted unless special arrangements have been made in advance with the teacher.
6. Students must complete exams, tests, and projects as provided by his/her teacher, which will include face-to-face meetings with the teacher using proper safety precautions.
7. Students will be subject to and held accountable for all federal and state assessments necessary for promotion and/or graduation. These will be onsite in accordance with the state testing calendar.
8. Students are responsible for completing his/her own assignments and/or lessons.
9. Students who participate in distance learning due to a COVID-19 related justification will not be eligible to participate or attend extra-curricular activities or events.
10. Parents and students will be financially responsible for lost or damaged Chromebooks.

**I have read the above statements, and I consent to this Distance Learning Agreement. I understand that if the student does not comply with the requirements listed above, he/she may be deemed ineligible for academic credit and/or promotion.**
