

Jackson County School District
Welcome to the School Year 2020-2021
Parent/Guardian Checklist

Prior to sending your child to school each day:

- Teach your child to wash his/her hands properly
- Check your child's temperature to make sure it's less than 100.4
- Check to make sure your child does not have a sore throat or other signs of illness, such as cough, diarrhea, severe headache, vomiting, or body aches
- Consider having your child take a water bottle to school as water fountains will not be available at this time
- Consider having your child bring a bottle of water to school, as water sources won't be available at this time
- Remind your child to avoid sharing objects (including water bottles, devices, writing instruments, etc.) with other students and keep a safe distance from others
- Prepare your child for changes that may look different at school this year (for example: some will wear face masks, desks may not be in the same places, lunch may be in the classroom, etc.)
- Reassure your child that school remains a safe, warm, and welcoming place to be
- Send hand sanitizer with your child, if possible
- If you send your child with a face mask, be sure to clean the mask every day

If your child has any of the following symptoms, keep the child / student home:

- Fever of 100.4 or more
- shaking chills
- Cough
- Shortness of breath or difficulty breathing.
- feeling of extreme tiredness
- Muscle or body aches.
- Intense headache
- The student can no longer taste the food. The student can no longer smell things.
- Sore throat
- Stuffy or runny nose.
- Nausea or vomiting.
- Diarrhea
