

We love and miss you so much!

You are doing a great job working from home!

We have prepared kindergarten lesson packets that may be picked up from St. Martin North. Your child may work at his or her own pace to complete these lessons.

If you have internet access and a computer, laptop or Tablet, your child should complete iReady lessons weekly:

30-45 minutes in Reading

30-45 minutes in Math

iReady can be found on the St. Martin North website at <https://www.jcsd.ms/smne> under the "For Students" tab. Students should know their log in numbers and passwords. If your child does not remember please contact your child's teacher for that information

Accelerated Reader (A.R.) is also available on the SMNE Website as well as many educational sites if you need them!

Our hearts are broken that we will not be able to continue the year in our classrooms, but we will continue to communicate with you at least once a week by phone, remind or text. Do not hesitate to call if you have any questions or concerns.
