

Handbook Agreement Form

Student handbooks will constitute official School Board policies and will be reviewed and updated each year. Each student will either be given a copy of the appropriate handbook or given notice that the handbook is available for viewing on the district's website. In the event that a "hardcopy" of a handbook is not given to a student, a signed verification will be executed to document that said student and his/her parent has accepted responsibility for reviewing the handbook's contents. The teacher will keep these signatures on file.

The personal appearance regulations policy of the Jackson County School District is included in student handbooks. This policy (JAB) will also be available to parents and students on the district website (www.jcsd.ms) and in the student handbook.

.....

I understand that a Student Handbook is available on the Jackson County School District website at www.jcsd.ms. I agree to review this document with my child to insure that he/she fully understands all rules and procedures that relate to his/her behavior and educational wellbeing at this school.

Student Name: _____ Date: _____

Parent/Guardian Signature: _____ Date: _____
